

## BEAUTIFUL BLOOMS

### A popular RLF product proves just how versatile it can be

by Carol Phillips, Executive Consultant Communications and Media

#### Ultra Foliar

A truly good Broad-spectrum fertiliser knows no boundaries !

The picture images that follow were taken earlier in the month (4th October 2016) in Foshan district, Guangdong Province China by RLF's Sales Manager in the region Mr Li Jian.

Would it surprise you to know that the RLF product used on these beautiful blooms is **Ultra Foliar Fruits and Veggies Plus**.

Now take a look at these freshly planted flower beds.

The growers have just planted out a crop of Lily bulbs for the flower trade. It is their intention to trial the effects of **Ultra Foliar Fruits and Veggies Plus** on this particular implantation garden to see if the effects are as successful as they were on their previous crop of flowers.

Mr Li Jian is certain to let us know !
