

HOW TO PREVENT NUTRIENT DEFICIENCY IN NAVEL ORANGE

The Before and After of an RLF Crop Nutrition Program

Authorised for release by :

Melanie Wu,
Deputy General Manager, RLF China,
and translated by Echo Dong

BEFORE

30th June 2017

AFTER

10th July 2017 (just 10 days later)

The Zigui County is the most famous navel orange production area in China.

The RLF Sales Manager in Hubei Province, Bai Yigen, paid a visit to the Navel Orange growers on 10th July 2017 to observe and record the excellent performance of RLF products on the Lane Late variety of Navel Orange in alleviating the nutrient deficiency symptoms being experienced by the trees.

The details of the modern fertiliser program are as follows :

Application Date	30th June 2017
Trial Location	Zigui County, Yichang City, Hubei Province
Trial Fertiliser Program	Applied Fertigation program of 30ml Fruits & Veggies Plus Ultra Foliar AND 50ml Dynamo High-P mixed in 50 jin (25 litres) water on 20 navel orange seedlings. Foliar spray of RLF Fruits & Veggies Plus Ultra Foliar at 500 times dilution.
Observation Date	10th July 2017

The Excellent Results Observed

The nutrient deficiency symptoms completely disappeared.

The leaves of the navel orange seedling had turned a dark green colour, and at the same time the effects of leaf expansion, healthy plant, more leaves and root system upgrowth were observed.

**Zigui County, Yichang
City, Hubei Province**

The Zigui County, Yichang City, Hubei Province is located on the banks of Xiling Gorge in the Yangtse River. It is the best producing area of Lane Late Navel Orange in China. The Zigui County has a long history of growing citrus. As early as two thousand years ago, the great patriotic poet, Qu Yuan wrote the famous "Ode to the Orange". Now, the Zigui County has been honoured by the relevant government department and named as the hometown of China's navel orange growing industry.

The Zigui navel orange is of high quality and has a distinctive flavour. It is a much loved fruit with thin skin, bright colour, and is fleshy, juicy, and has a sweet taste.

The RLF Team in Hubei Province always enjoy helping farmers and growers get the very best results from their enterprise and efforts. And on this occasion RLF crop nutrition products delivered those results.
