 Communications and Media

Viet Nong Agriculture Materials Corporation (VINCO) has become a valued distributor of RLF products in Vietnam.

In April 2018, RLF's Managing Director Ken Hancock joined with their International Director, Nhan Lu (Frank) and his colleagues, as they introduced RLF products to the Vietnamese marketplace. A special function was held at the Hera Palace in Vung Tau City with invitations given for two hundred agricultural specialists and guests.

Mr Ken Hancock delivered an address to the gathering and presented an overview of the RLF specialty crop nutrition products that would become available for farmers and growers in Vietnam. Mr Hancock paid tribute to VINCO at this time when he spoke of the *"professionalism and respectability of the Viet Nong Agriculture Materials Corporation. We wish you every success"*, he said, *"as your farmers become aware of the benefits that RLF specialty liquid fertilisers can bring to their growing and cropping enterprises"*.
